

Receivers:

- **COMPACT3,5F** 2490,-
DC receiver 3,5 MHz
- **SUPERFOX3,5GX** 4900,-
superheterodyne 3,5 MHz
- **SUPERFOX 145E** 5200,-
superheterodyne 144 MHz
- **MONITOR MINI** 1400,-
HF/VHF monitor receiver for transmitter operators
- **FINDER09 option** 3000,-

NEW!

the SUPERFOX3,5GX and SUPERFOX145 receivers can be optionally equipped with electronic compass with memory and audio output to the headphones.

Transmitters:

- **MICROFOX HF** 1650,-
miniature HF transmitter, adjustable code, frequency, keying speed and timing
(especially suitable for foxoring competitions)
- **MICROFOX VHF** 1650,-
miniature VHF transmitter, adjustable code, frequency, keying speed and timing, dipole antenna
- **TRAINER 2007** 5900,-
HF/VHF automatic PLL synthesized transmitter for training and national competitions,
1W output, Li-Ion accumulator, adjustable code, keying speed, frequency and timing
- **CONTEST 2007** 11800,-
HF/VHF automatic hi-tech PLL/DDS transmitter for any level of competitions, 3W output,
Li-Ion accumulator, built-in automatic antenna tuner, charger, RTC, adjustable code, keying speed,
frequency, output power, timing and delayed operation, callsign, IP64 covering
- **PGMCONTEST** 5000,-

NEW!

USB PC programmer for the set of CONTEST2007 transmitters allows programming all parameters, synchronizing clocks, save/load setting from/to file and more

Other equipment, accessories

- **Miniature electronic starter MINISTART 3** 1800,-
- **USB PC programmer PGMCONTEST for CONTEST2007 transmitters set** 5000,-
- **Charger N28 for all receivers** 450,-
- **Charger SN12 for the set of TRAINER07 or CONTEST2007 transmitters** 1500,-
- **Sophisticated tester T810 for receiver accumulators** 340,-
- **Headphones SL28 (rugged, lightweight, high sensitivity)** 400,-
- **Anti-theft cable locks for ARDF transmitters, unified keys** 290,-/pc
- **Antenna elements set for C144/145/145E** 250,-
- **Antenna elements set for SF145E** 390,-
- **Whip antenna for C3,5/SF3,5/C3,5F/SF3,5F/SF2002/SF3,5GX** 15,-
- **144 MHz transmitting turnstile antenna** 490,-
- **3,5 MHz wire antenna+counterpoise for TRAINER/CONTEST transmitters** 120,-
- **no accumulator option for any receiver, 9V battery holder** -120,-
- **accumulator option for COMPACT3,5F** +320,-
- **built-in electronic compass option for SF3,5GX, SF145E** +3000,-
